Mr. Valiquette at Crossfield every Saturday.

: Local and General :

We notice Mr. Thos. Amery is once more back in our midst after spending several months, in, and around Walla Walla, Wash. U.S.A. Mr. Amery arrived in Crossfield on Saturday last.

Miss A. Whitfield was a visitor to Calgary last Saturday, returning on Tuesday morning.

The "Havens" Garage has assumed businesslike appearance, we noticed several cars undergoing re-pairs during the past week. Mr. Geo. Pineo being in charge.

Mr. Ivan Oneil and Mr. M. Turner, of Calgary, were visitors in Crossfield, over the past week-end.

Mrs. Ivor Lewis was a visitor to the city on Wednesday of this week.

Scott McKenzie of Lethbridge, was a guest of Mr. and Mrs. Jeffery last week end. Scott who is a cousin of Mrs. Jeffery, is a member of the Royal North West Mounted Police the Lethbridge district.

We are pleased to report that Mr. Wm. Thompson is much improved in health being able to move about the house with the aid of a cane.

We noticed Mr. George Huser in wwn on Wednesday.

U. F. A. Sunday will be observed

Mr. and Mrs. R. W. McFarls and daughters were visitors to Cal-gary over the past week-end.

" Victoria Day " celebrations i Crossfield were noticeable by their absence, all we noticed out of the ordinary were a couple of Union Jack's flying, the stores were closed and several people were busy dur-the day in their gardens.

me during the war."

No Contract Breaker

cundations of Free Government Tested and Not Found Wanting

Trades unionism in the United States and Canada has fought a good fight with anarchy within its own ranks and proved that labor will keep

its contracts.

A light arises amid all the darkening signs of the times. That light
shines out of the collapse of the outlaw strike on the American railways.
and the fate of the same variety of
printers' strike in the Montreal Star
office. The foundations of free government were tested and not found
wanting in an industrial crisis. Labor wanting in an industrial crisis. Labor proved its power to produce and fol-low a leadership of honor and self-interest,—Toronto Telegram,

An interesting statement was made in the house of commons recently by Sir George E. Foster, acting premier, regarding the total export of Canadian grains in Canadian ships as compared with the export in United States vessels. The minister stated that 99. 55 percent of the wheat exported was carried in Canadian bottoms as well as 85.94 percent of export oats and 89.65 percent of barley.

On Our Western Farms

Announcement by the Canadian Wheat Board that the yieat particle pation certificates issued by a pation for the policy of the policy of a motion and a welcome surprise to the wheat growers of the country. People who have followed the operations of the Board were confident that these certificates would prove of real and substantial value, but they hardly expected a forty-cent per bushel value. This sum, added to the initial payment on the basis of \$2.15 for No. Northern at Fort William, brings the Canadian fixed price well above the guaranteed minimum price in the U.S., and it is believed by mapy that at the final out-turn the average pricery of the count-turn the average price received by Canadian farmers will be united States farmers.

Minard's Llaiment Lumberman's He farmers for their 1919 wheat crop a distribution of something like \$75-00,000 will take place. The three prairie provinces will, of course, receive the bulk of this large sum. It will mean much to our farmers, will six on the policy-of national macketing of wheat, at least so long as the Europain importing countries maintain national buying and selling. Those farmers will be farmers for their 1919 wheat crop a distribution of something like \$75-00,000 will take place. The three prairie provinces will, of course, receive the bulk of this large sum. It will mean much to our farmers, will suppose the policy-of national macketing of the policy of national macketin

ean importing countries maintain national buying and selling. Those farmers who followed the advice tenderdin this column last year to retain
possession of their participation certificates, and not dispose of them
to speculators for a nominal aum atatime when their value was problematical have good reason to congratulate themselves.

At no less than three different conferences to be held this ammer the
problem occasioned by successive
rop failures in the drought affected
areas of the West will receive careful
aconsideration, with the object of endeavoring to ascertain the best methdos whereby this disability may be
overcome. One such conference, to
be attended by officials of each of the
provincial Department of Agriculture
of the prarie provinces, will be held
in Winnipeg, July 14 to 18, under the

Frame New Plans Which May Restore Order in Ireland Conder in Irela

ready, military commander of Ireland

London—General Sir Neville Macready, military commander of Ireland has framed new plans by which he believes better order will be established in Irelandshortly. Mr. Bonar Law announced in the house of commons that the plans had been approved by the cabinet.

The government leader's statement followed questions regarding the sensitional morter of two policemen at Cork, and whether General Macready had taken steps to co-ordinate with the police and the military forces.

Mr. Bonar Law said that the military commander had already taken most important steps, and at a cabiner most important steps, and a step step step steps.

General Macready is at the present time in London for consultation with the officials, and the newspapers product important developments. In this connection, it is unofficially stated, that additional troops are to be sent to Ireland and that the government is prepared to give the Irish executive all, assistance necessary to suppress lawlessness.

Clark observed.

Distribute Seed Grain

Requirements of Settlers in Alberta
Have Been Supplied
Edmonton, Alta—The distribution
of seed grain for settlers' spring requirements throughout Alberta has
now been completed, and the department of agriculture is calling in its
field men. The total supplies of seed
given out this season have not yet
been tabulated, but it is estimated by
officials of the she department that
they will represent a money value of
close to \$750,000, which is about twice
the expenditure of last year and the
largest of any one year since the government undertook this method of relief. All the grain thus supplied for
jeeding purposes has been Alberta
grown.

Loan Farmers Seed Wheat Winnipeg.—The provincial gove ment has loaned the farmers of M itoba a total of \$264,000 so far t year for the purpose of seed wheat.

Huge Deficit of C.N.R.

Of Land
Winnipes, Man.— The Mennonite
situation took a further new turn
when it was learned that during the
past few days, despite reports to the
contrary, it has become evident that
the Mennonites im Manitoba do not
wish to leave the province, but would
prefer to make a change in the location of their colony from the present
well-settled district to some more remote portion.

well-settled district to some more remote portion.

They have asked the provincial government, it is stated, to go over the map of the province, and if a tract of country could be found where there were no settlers and where settlers would not go because of the rigorous climate, or the poorness of the land, to allow them to take it over with the privileges of education and "ellgion which are denied them in their present location in a southern Manitoba.

The Mennonites, it is declared, possibly have in mind the large tract of open country bordering on the Hadson's Bay. The provincial government, however, has not entertained for a monent any idea of such concessions.

Greater Interest Shown in Dairying Throughout the West

(By L. A. Gibson, Dairy Commissioner for Manitoba.)

Much has been accomplished by Manitoba, Saskatchewan and Alberta during the past three years through organization and co-operation in developing general dairying and particularly the creamery butter industry. Previous to 1918 each province was a separate dairy unit working to different butter standards. Today the inter-provincial spirit is strongly developed and instead of there being Manitoba, Saskatchewan and Alberta creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter, all of different itypes, there is Western Canada Creamery butter of the provincial pairs of the particular of the particular

Rush of Settlers

Americans Are Flocking to Western

Canada This Spring

More settlers are coming into Sas
satchewan from the United States thi More settlers are coming into Sas-katchewan from the United States this spring that at any time since the out-break of war, according to figures that have been received by local C.P.R. officials. While this influx is consid-erable, it is said by these same rall-waymen to be nothing to what may be expected later in the summer. During the first three weeks of the month twenty settlers arrived here from U.S. points on their way to land they had taken up. Five carloads of settlers' effects were registered at Portal as passing through to points in this province and 23 cars to Al-berta points. Settlers are also com-ing through Kinegate and Emerson, the traffic at the latter place being particularly heavy and as many as 46 carloads of effects passing through the port of entry in a day.

Ever the True Gentleman Ever the True Gentleman Nobody ever believed that King George made the discourteous remark about President Wilson attributed to hin, but Republicans have been disseminating them in their general effort to discredit the president. Now comes an official denial of the whole story from Japan. The King of England is ever the true gentleman—some thing which, unfortunately, cannot be said of all the Republican United States Senators. — The Philadelphia Record.

To serve the pioneer settlers of Pouce-Coups, forty miles beyond Dunvegan, on the northern fringe of settlement, Miss Kate Ethel Heastis, a fully trained nurse with several years experience and a member of the Victorian Order of Nurses, left Calgary on Thursday, May 13th, with \$600.00 worth of supplies for the use of the settlers and their de-pendents. The settlement was es-tablished in August of last year, by the Soldiers' Settlement Board, but it was not until a fortnight ago that the Alberta Provincial Branch of the Canadian Red Cross was informed of its existance, and the fact that the Colony has been since its formation without nursing service of any kind. To meet the emergent condition prevailing in this outpost of the northland arrangements were immediately made for Miss Heastis to leave for Pouce-Coups. Her post of duty lies beyond forty miles of muskeg which separate the colony from the nearest neighbouring whit settlement. She is the first nurse to be sent out by the Provincial Red Cross definitely to establish a nursing service in the north.
